Re: Dietary Supplement Statement of Support Notification

To Whom It May Concern:

Fitness Labs Nutrition Corporation, P.O. Box 3896 Torrance, CA 90510-3896, who is the distributor of the following dietary supplement product, intends to make the following statement(s) of support:

“Triple Action Nitric Oxide Boost™*”

“Heart, Muscle & Circulation Support*”

“Arginine (an amino acid) has long been known to increase nitric oxide in blood vessels, and new science shows Citrulline (an amino acid) recycles Arginine to produce even more nitric oxide. The third mode of action of Nitric Oxide Boost™ is to minimize oxygen radicals from neutralizing nitric oxide. That’s why we’ve included Alpha Lipoic Acid (an antioxidant) to quench oxygen radicals and help preserve nitric oxide.*”

These claims are being made for L-Arginine, L-Citrulline and Alpha Lipoic Acid which are contained in a product named Fitness Labs® Nitric Oxide Boost™. This submission is being made in compliance with 21 CFR §101.93.

The undersigned is an authorized representative of the Fitness Labs Nutrition Corporation and certifies that the information contained in this notice is complete and accurate, and that Fitness Labs Nutrition Corporation has substantiation that the above statement(s) is (are) truthful and not misleading.
